**LARGEST AND CHEAPEST FAMILY NEWS-
PAPER IN THE WORLD!**—Since the estab-
lishment of ALEXANDER'S WEEKLY MESSEN-
GER, which, without exaggeration, now boasts of as
large a circulation, in every part of the Union, as any
other Journal published in this city or elsewhere, it has
been proverbially acknowledged by all who patronize it
as the largest and cheapest paper in the world. To ren-
der this truth more obvious to the public, and to place
competition at a still greater distance than it yet has
been, the Proprietor will commence a new volume at
the beginning of the year very considerably enlarged and
improved as regards its Typographical and Pictorial ap-
pearance, and the Literary reputation and interest which
will be introduced into its columns. In this latter respect
the first number issued in January, will convey a spec-
imen of the zeal with which the Proprietor will pro-
secute his anticipated alterations! It will be printed on a
Double Sheet twice the dimensions of any paper is-
sued in Philadelphia—will contain all the chief ex-
tractions of the English and American Annuals for 1840;
and will comprise Sixty-four columns of close print,
presenting as much reading matter in one paper as would
fill a large Octavo Volume, and a variety of original
prose and poetical contributions will be selected for pub-
lication on this occasion—besides, there will be intro-
duced from TEN TO TWENTY ENGRAVINGS illustrative of
the most interesting topics which will be here brought
together. The Publisher will commence the year with an
IMMENSE EDITION, in anticipation of the extensive
increase which will take place in his Subscription List
—and he again renews his request to those who con-
template forwarding him their names, to do so at once, that
he may enter them in the Mail Boxes in proper order,
to prevent confusion or the possibility of any mistake in
transmitting the paper promptly to every one as soon as
it comes from the Press!

IMPROVED SURGEON'S TRUSSES. for the radical
cure of Hernia, or Rupture, by HEBER CHASE,
D. Philadelphia.

The committee of the Philadelphia Medical Society,
for the investigation of the radical cure of Hernia, ob-
serve—
"Fully impressed with the extreme caution required
in forming conclusions concerning changes of structure
taking place in parts of the body concealed, not only by
the integuments, but by tendinous matter and fascia, and
where the nature of the disease renders the opportunity
of post mortem examination exceedingly rare, your com-
mittee has been desirous to avoid that blameable haste in
the decision of important questions which has too fre-
quently given to plausible but ingenious methods of treat-
ment a temporary reputation, to the abuse of public con-
fidence and the injury of the profession, by granting to
empiricism the weight and influence of great names.
"The instruments of Dr. Chase have effected the per-
manent and accurate retention of the intestines in every
case of hernia observed by the committee, without material
inconvenience to the patient, and often under trials
more severe than are usually ventured upon by those who
wear other trusses—trials which would be imprudent with
any other apparatus known to the committee.
"The committee are induced, by the foregoing conclu-
sions, to recommend, in strong terms, the instruments of
Dr. Chase to the confidence of the profession, as the best
known means of mechanical retention in hernia, and as
furnishing the highest chances of radical cure.
"They have no hesitation in saying that, were they in-
dividually affected with this terrible disease, they would
resort to this method of treatment, with the triple view
of securing their comfort, safety, and ultimate chance of
recovery.
"All must now admit of the radical cure of Hernia,
and that Dr. Chase's Trusses are decidedly the best yet
invented to effect that object."—Southern Medical and
Surgical Journal.
For the utility and excellence of these instruments, refer-
ence may be had to the principal physicians of this city, who
are prepared to apply them.

GENUINE BUFFALO OIL.
THE HAIR! THE HAIR! THE HAIR!
This greatest ornament to the
human body is a splendid head of hair.
It has recently been discovered that
the use of Buffalo's Oil is a service
to the hair, and that it prevents
the hair from coming out, promotes
the growth, and improves the texture,
and improves the beauty. It is far
superior to any other animal or vegeta-
ble oil, and in case of fever, when the
hair becomes dry and begins to fall out,
there is no application more effectual
in restoring its beauty and rendering
it a healthy state.
It is put up at a low price, (37 1/2
cents) that all classes can have ac-
cess to it. None genuine unless put
up in the bottle with Buffalo Oil
impressed in the glass. Also, to pre-
vent imposition, it will be signed by
the Proprietor, Wm. Brown, 401 Washington, corner
of 1st and 2nd streets, Boston.

these Pills are particularly applicable, in preventing
